

Time (PDT)	Thursday June 27								
8am - 3pm	NACCB Help Desk, Atrium (Main)								
8am - 6pm	Registration, Atrium (Main)								
7:30am - 5:30pm	Exhibits Open (Lower Atrium)								
8am - 9pm	Nursing/Pumping Room, M.R. 2523								
8am - 9pm	Quiet/Low Stimulation Room, 2506								
8am - 9pm	Kids Room, 2508								
Time (PDT)	2301	2306/2309	2311	2314	2504	MK Forum	Performance Theatre	Great Hall - North	Great Hall - South
8am - 10am *Check online schedule for additional information*	SYM: Surveys, drones, and hydrological modelling: Planning urban residential landscapes for climate change responsiveness and biodiversity co-benefits	SYM: Relations across generations and migration: How do practices, beliefs, and values towards nature change through space and time?	SPEED: Agroecology, Landscape Ecology, and Conservation Biology	CONTS: At the Intersection of Traditional Ecological Knowledge (TEK) and Adaptive Management	CONTS: Endangered Species Conservation - from Genetics to Social Science	INTS: Tending to Emotions – Coping with Ecological Grief and Climate Anxiety	INTS: Evaluating and advancing nature-based climate solutions through community-led carbon measurement in Canada	SYM: The good, the bad and the ugly: Integrating ecological connectivity modeling into municipal planning and policy	SYM: Decision Science for Inclusive Conservation
10am - 11am	Nature Immersion; coffee & snacks available in the Lower Atrium & Gallery Patio/Lounge								
Time (PDT)	2301	2306/2309	2311	2314	2504	MK Forum	Performance Theatre	Great Hall - North	Great Hall - South
11am - 12:30pm *Check online schedule for additional information*	INTS: Can capitalism and conservation coexist?	INTS: Conservation Towards Anti-Colonial, Action-Oriented Futures for Just and Inclusive Worlds	CONTS: Conservation across Bioregions	CONTS: Strategic Conservation Planning for Humans & Wildlife	CONTS: Animal Behavior and Conservation in Novel Ecosystems	INTS: Measuring conservation impact: What happens when you ask 'what if'?	INTS: Inclusive Field Safety: Developing Field Safety Standards and Guidelines for Diverse Researchers	SYM: Achieving Zoo and Aquarium Potential to Ensure that Wildlife Thrives	SYM: Species distribution modeling for effective and equitable conservation
12:30pm - 2pm	Connecting with Music - Balinese Gamelan Performance; Beaty Biodiversity Museum (Atrium)								
	WORKSHOP: Integrating landscape change into ecological forecasting workflows using SyncroSim; Performance Theatre								
Time (PDT)	2301	2306/2309	2311	2314	2504	MK Forum	Performance Theatre	Great Hall - North	Great Hall - South
2pm - 4pm *Check online schedule for additional information*	SYM: States of conservation biology	SYM: Fostering a Common Sense of Sea: From Exploitation to Conservation	CONTS: Conservation Action and Climate Change	CONTS: Social Dimensions of Conservation - from Institutions to Regions	CONTS: Diverse Research Methods in Interdisciplinary Conservation	CONTS: Going Beyond Wildlife Conservation	INTS: Making Connections: Supporting the Conservation Social Sciences	SYM: Integrating thermal physiology into climate-informed conservation	SYM: Advancing connectivity indicators for 30x30: Lessons from connecting across ecological realms, boundaries and disciplines
2pm - 4pm	Crossing Boundaries: Arts for Conservation Panel; Beaty Biodiversity Museum (Allan Yap Theatre)								
4pm - 5pm	Reflection Sessions; coffee & snacks available in the Lower Atrium & Gallery Patio/Lounge								
5pm - 6:30pm	SCB North America Members Meeting; Great Hall - South								
	PaCS Members Meeting; 2301								
6:30pm - 9pm	Closing Ceremony & Reception; Dr. Sun Yat-Sen Classical Chinese Garden
