

Time (PDT)	Tuesday June 25								
8am - 3pm	NACCB Help Desk, Atrium (Main)								
8am - 6pm	Registration, Atrium (Main)								
7:30am - 5:30pm	Exhibits Open (Lower Atrium)								
8am - 9pm	Nursing/Pumping Room, M.R. 2523								
8am - 9pm	Quiet/Low Stimulation Room, 2506								
8am - 9pm	Kids Room, 2508								
Time (PDT)	2301	2306/2309	2311	2314	2504	MK Forum	Performance Theatre	Great Hall - North	Great Hall - South
8am - 10am *Check online schedule for additional information*	CONTS: Habitat Change, Human Activity, and Social Perspectives in Conservation	SYM: The role of individual behavior in population dynamics	SPEED: Social Science, Conservation Science, and EDIJ in Conservation	CONTS: Community-Based Conservation & Wildlife Ecology	CONTS: Diverse Fields of Knowledge in Wildlife Conservation	WORKSHOP: Accelerating Evidenced-based Decision Making in Conservation: From Theory to Reality	INTS: Going beyond the academy - how can we make our science count for conservation?	SYM: Analyzing text data for conservation problems and action	SYM: Implications of successful carnivore recovery: a systems-based approach to achieving coexistence in a changing world
10am - 11am	Nature Immersion; coffee & snacks available in the Lower Atrium & Gallery Patio/Lounge								
Time (PDT)	2301	2306/2309	2311	2314	2504	MK Forum	Performance Theatre	Great Hall - North	Great Hall - South
11am - 12:30pm *Check online schedule for additional information*	SYM: Joining together across Nations and disciplines to work toward grizzly bear recovery	INTS: Adding an EDI lens to conservation: which voices are missing?	SYM: Advancing spatial priorities for global biodiversity conservation	CONTS: Restoration Ecology - from Land Management to Educational Initiatives	INTS: Celebrating Diversity in Conservation Teaching: an interactive session with the SCBNA Education Committee	INTS: Engaging in real-life conservation decisions and actions with TIME	INTS: Responding to ecological change and transformation – surprising failures and promising approaches (Interactive Session)	SYM: Harnessing multi-species datasets to explore wildlife interactions and distributions in the face of global change	SYM: Inclusive Field Safety: Narratives From The Field
12:30pm - 2pm	Lunch								
	Participatory Mural Painting for Conservation, Beaty Biodiversity Museum (Atrium)								
	WORKSHOP: How to Publish Interdisciplinary Conservation Research: Engaging with Both People and Nature, Room 2301								
Time (PDT)	2301	2306/2309	2311	2314	2504	MK Forum	Performance Theatre	Great Hall - North	Great Hall - South
2pm - 4pm *Check online schedule for additional information*	SYM: Resilience thinking for understanding and promoting human-wildlife coexistence in the Anthropocene.	SYM: Salmon social-ecological systems in an era of climate change and multiple stressors: from science to stewardship	CONTS: Spatial, Landscape, and Land-Use Ecology	CONTS: Land Management & Landscape Use and Conservation	CONTS: Cultural and Community Considerations in Conservation	INTS: Equitable Conservation: From Aspirations to Actions	INTS: Integrating Climate Conversations into Conservation Science & Practice	SYM: The One Plan Approach: inclusive, participatory, science-based species conservation planning	SYM: Global change impacts on wildlife contributions to human well-being
4pm - 5pm	Reflection Sessions; coffee & snacks available in the Lower Atrium & Gallery Patio/Lounge								
5pm - 6:30pm	Poster Session & Happy Hour; Upper Atrium								
6:30pm - 8:00pm	Plenary: Critical Ecosystems vs Critical Minerals?; Great Hall (Entire)								
8:00pm - 9:00pm	Plenary Reception, Gallery Lounge & Patio
